STUBE Summer School:
Development related challenges in times of crisis - fair trade, climate justice & project management

10th – 14th July 2023

Würzburg

In cooperation with STUBE Bayern

Studienbegleitprogramm für Studierende aus Afrika, Asien, Lateinamerika und Osteuropa in Baden-Württemberg

**DEVELOPMENT RELATED CHALLENGES
IN TIMES OF CRISIS – FAIR TRADE,
CLIMATE JUSTICE &
PROJECT MANAGEMENT**

Worldwide threats from climate change, economic instability or global wars are shaking existing but fragile regional and global structures. From a development perspective, all countries of the world are affected by the danger of hunger and impoverishment, droughts or flooding, but also the emergence of neocolonial power relations. Using the examples of (1) the global economy and (2) the environment, this Summer School addresses some of these challenges and critically examine global inequalities and imbalances. We will also ask how we can become active in our everyday lives and engage for more global justice – both in terms of the economy and the environment. The focus here will be on local examples and approaches to solutions for global challenges. In order to be able to implement our own ideas and commitment, a workshop in project management is also planned, which will address the specific situation of students from the Global South.

Heartly Welcome! 😊
